I want to be your absolute ultimate
Want to be your only one now
Feel the wave come up from your sulkiness
Feel the rays you radiate now

Sweet and plain unsingable name
That rings in my mind now
That strums me like a string
Shine, unsingable name
Over everything

Beware the thrum of hearts in your presence
And watch the breeze that snaps at you now
All the dogs that bark from the fences
And everything is wanting for you

Smirk on the face and fists in the clenches
And make the radiator blow now
Crack the planks and shatter the lenses
And mix the salt, the sugar and flour

Sweet and plain unsingable name
That rings in my mind now
That strums me like a string
Shine, unsingable name
Over everything

Slushing, sleeting through the blue gloom
Some long bell's lonely ring
Chime, unsingable name
Over everything

I want to see the mountains in silhouette
Want to split for Singapore now
I want to see the mystery trees
Want to hear the womanly sound
I want to see the mystery trees
Want to hear the womanly sound

Sweet and plain unsingable name
That rings in my mind now
That strums me like a string

Shine, unsingable name
Over everything

Slushing, sleeting through the blue gloom
Some long bell's lonely ring
Chime, unsingable name
Over everything

Sweet and plain unsingable name
That rings in my mind now
That strums me like a string
Shine, unsingable name
Over everything
