Can I get with you
not in bed
Let me talk some sense into your head
Too many tales
getting out of hand
How it got this far
I don't understand

Who????told you to
Go????running to
All????..of my girlfriends while
Your schemingme and making plans

Who's coming to you from the heart
Was always there right from the start
Now you want to leave
I don't know why

I can see it in your eyes
You can hide it they don't lie
I'm inside it so don't try

I can see it in your eyes
You can hide it they don't lie
I'm inside it so don't try
Oh I can see it in your eyes

Remember the days the love we shared
I was into you
and you really cared
Now your lying to me
s-s stuttering
Crying to me
begging me please
baby

I????don't know who you
Are??you're coming home
Late??you're going too
Far??got to take a stand baby

Who's coming to you from the heart
Was always there right from the start
Now you want to leave
I don't know why

I can see it in your eyes
You can hide it they don't lie
I'm inside it so don't try

I can see it in your eyes
You can hide it they don't lie
I'm inside it so don't try
Oh I can see it in your eyes

I can see it in your eyes - your eyes
they don't lie
what's the deal
I can see
you and me
It's alright

Who's coming to you from the heart
Was always there right from the start
Now you want to leave
I don't know why

I can see it in your eyes
You can hide it they don't lie
I'm inside it so don't try

I can see it in your eyes
You can hide it they don't lie
I'm inside it so don't try (Oh I yeah)

I can see it in your eyes
You can hide it they don't lie
I'm inside it so don't try

I can see it in your eyes
You can hide it they don't lie
I'm inside it so don't try (I can see it in your eyes)
Oh I can see it in your eyes
