Got my bikini on  
I'm ready for the sun  
My hair and nails are done  
it's so exciting  
Not a cloud in the sky  
everyone's on a high  
I can't help but to smile  
the mood that I'm in

Come away with me ?c'mon, c'mon  
somewhere by the sea ?under the sun  
Laying next to me ?we're be alone  
it's the time for love  
Montigo Bay ?can you feel the beat  
only white sand ?under ya feet  
Let's get away ?tropical heat  
you know what I want

It's the summer time  
It's the summertime  
No point in staying in  
the summer's about to begin yeah  
It's the summer time  
It's the summertime  
I wanna get with you  
so tell me what we gonna do

It's the summer time  
It's the summertime  
No point in staying in  
the summer's about to begin yeah  
It's the summer time  
It's the summertime  
I wanna get with you  
so tell me what we gonna do

I know you're with your boys  
I'm rolling with my girls  
Lets escape to a world  
where it's you and me  
I wanna feel your touch

while we're making sweet love  
Till it's never enough  
and we are set free

Come away with me ?c'mon, c'mon  
somewhere by the sea ?under the sun  
Laying next to me ?we're be alone  
it's the time for love  
Montigo Bay ?can you feel the beat  
only white sand ?under ya feet  
Let's get away ?tropical heat  
you know what I want

It's the summer time  
It's the summertime  
No point in staying in  
the summer's about to begin yeah  
It's the summer time  
It's the summertime  
I wanna get with you  
so tell me what we gonna do

It's the summer time  
It's the summertime  
No point in staying in  
the summer's about to begin yeah  
It's the summer time  
It's the summertime  
I wanna get with you  
so tell me what we gonna do

Summertime it's the summertime  
It's the summertime it's just me and you  
Summertime it's the summertime  
It's the summertime there's so much we can do  
Summertime it's the summertime  
It's the summertime we can share our love  
Summertime it's the summertime (yeah yeah yeah)  
It's the summertime just the two of us

It's the summer time  
It's the summertime  
No point in staying in  
the summer's about to begin yeah  
It's the summer time  
It's the summertime  
I wanna get with you  
so tell me what we gonna do

It's the summer time  
It's the summertime

No point in staying in  
the summer's about to begin yeah  
It's the summer time  
It's the summertime  
I wanna get with you  
so tell me what we gonna do

It's the summer time  
It's the summertime  
No point in staying in  
the summer's about to begin yeah  
It's the summer time  
It's the summertime  
I wanna get with you  
so tell me what we gonna do
