These are the eyes that never knew how to smile  
'Til you came into my life  
(Do do do do do)  
And these are the arms that long to lock you inside  
Every day and every night  
(Do do do do do)

Boy, and here is the soul of which you've taken control  
Can't you see I'm tryin' to show love is right?

Whoa, show and tell just a game I play  
When I wanna say "I love you"  
So won't you show me and tell me  
That you feel the same way too?  
Say you do, baby

These are the hands that can't help reachin' for you  
If you're anywhere in sight  
(Anywhere in sight)  
And these are the lips that can't help callin' your name  
In the middle of the night  
(Middle of the night)

Whoa and here I am, I need to know where you stand  
Don't you know I've done all I can, so decide?

Whoa, show and tell just a game I play  
When I wanna say "I love you"  
(I love you)  
So won't you show me and tell me  
That you feel the same way too?  
Say you do, say you do baby baby

Ahh, here is the soul of which you've taken control  
Can't you see I'm tryin' to show love is right?

Whoa, show and tell just a game I play  
When I wanna say "I love you"  
(I love you)  
So won't you show me and tell me  
That you feel the same way too?  
Say you do, baby

Whoa, show and tell just a game I play  
When I wanna say "I love you"  
(I love you)  
So won't you show me and tell me  
That you feel the same way too?

Show me baby  
I love you  
Say you do, say you do, baby, baby, baby  
Show and tell me baby  
I love you
