All alone, a rainy night, no one around
But I feel someone's watching me
I look around, the street is bare, nobody there
I wonder what it could be

As I turned to walk away, suddenly I saw his face
Never minding that we were alone
Didn't care about the time
At the moment I was feeling fine

I was looking into stranger's eyes
(He caught me by surprise)
They looked right through me
(He looked into my eyes)

Never knew
(Never, ever thought that love could be)
That's when he came
(He came and captured me)

Like a scene out of a dream, I can't believe it
Kind of strange and familiar
But in his eyes I get a sign, I get a feelin'
I get the feelin' he knows me

Maybe I could stay a while
Maybe I could make you smile
I don't have much to do, maybe we can walk awhile
Baby, maybe we can talk awhile

Can't help looking into stranger's eyes
(He caught me by surprise)
They looked right through me
(He looked into my eyes)

Never knew
(Never, ever thought that love could be)
That's when he came
(He came and captured me)

How was I to know this would happen
Though I didn't know I would meet this stranger

It's the kind of thing that dreams are made of

And I, I'll keep thinking about strangers eyes
(He caught me by surprise)
They looked right through me
(He looked into my eyes)

Never knew
(Never, thought that love could be)
That's when he came to me
(He came and captured me)

Looking in stranger's eyes
(He caught me by surprise)
They looked right through me
(He looked into my eyes)

Never knew
(Never, ever thought that love could be)
That's when he came
(He came and captured me)

He caught me by surprise
He looked into my eyes
Never thought that love could be
He came and captured me

He caught me by surprise
He looked into my eyes
Never thought that love could be
He came and captured me

He caught me by surprise
