Where do you go
When there's a need to be loved like a need to be loved
Oh, I'll let you know just what to do and where to go

Hey, welcome to the comfort zone
When you need to be loved like you need to be
Welcome to the comfort zone
Do whatever feels right and turns you on

After a hard day at work, there's one thing to be certain
of
This ol' familiar love, oh, it's not unusual to find that it's
sensual
Oh, it's all you need to let go

There's no need to try or compromise
Or settle for another outside of my love
The thing to do when you get through
Heed the message, seek the comfort of my zone

When you need to be loved like you need to be
Welcome to the comfort zone
Do whatever feels right and turns you on

Hey hey, welcome to the comfort zone
Ooh, when you need to be loved like you need to be
Welcome to the comfort zone
'Cause no one ever has to know what turns you on
And on and on and on and on and on

Hey hey, welcome to the comfort zone
When you need to be loved like you need to be
Welcome to the comfort zone
Do whatever feels right and turns you on

Hey hey, welcome to the comfort zone
When you need to be loved like you need to be
Welcome to the comfort zone
No one ever has to know what turns you on

Hey, let me make you comfortable
Let me take control and give your mind a break from

the day you made
Let's turn the lights down low, then oh, the rest you
know
I'll be here for you 'cause you just stepped into the
comfort zone
