This song goes out to all the females who's hearts
benn broken
I'm here to do one thing and that's to bring it back
So relax, lay down, close your eyes, spread your heart,
Check out, here we go...

From the first time when our eyes ever made contact,
Stteped back, tried to relax
Could it be that that I see that
I'll be standing next to you whenever where ever you'll
be at
Words maybe strong when it's first time you hear them
Baby know you're scared but never the less try to hear
them
No false pretenses nothing but the real thing
Love coming from the man of steel

Everywhere dou shi ni de lian
Ni yi xiao wo bei bao wei
Zhe fen ai doa chu duo you bian xian
Yi kua jiu bei cui fan gui

Everywhere wo dou bu hui bian
Yue xiang ni yue duo gan jue
Ni bu ai wo
Wo wen wen wen ni hai neng ai shui

Look in my eyes, baby truth or not lies
The question of what and why
Let them die, cause now's the time to fly
So close your eyes and leave the lonely past behind
And just let me hold you not scold you, cause baby I
told you
That the only thing I want is to grow old with you
Look in your heart, cause I know I've got the parts
To feed what you need from the start

Every where dou shi ni de lian
Ni yi ku wo xian tian hei
Zai wei xian wo ye bu pa we xian
Ba xian jia zai ni qian

Everywhere wo dou bu hui bian
Zhe ke xin mei you shian xian
Ni bu hui ai
Wo wen wen wen ni hai neng ai shui

Now brace yourself and prepare, for tender loving care
No need now to stare, no none other can compare
Now for a close up, back that thing up
And let this thing called love take it's course so we can
live it up
Taking it slow, cause you're the only one for me
So here's my heart for you, now and forever more
Cause you're the only one that I ador

Everywhere dou shi ni de lian
Ni yi ku wo xian tian hei
Zia wei xian wo ye bu pa wei xian
Ba ia qian dao ni sheng bian

Everywhere wo duo bu hui bian
Zhe ke xin mei you shang xian
Ni bu ai wo
Wo wen wen wen ni hai neng aishui...
