Nothing between us, there's no when and how
Doesn't matter who you are
You know how much I've tried to get here in time, still
You haven't changed your mind

I see the sun shining on your face
Oh it's such a beautiful place
Just for a while I can feel alive
And start all over again

You got to let it go
It's time to move on
The devil is gone
It's yesterday's song

Won't let it go
Shouldn't last long
The devil is gone
It's yesterday's song

Better days are waiting for me
Though it's going to take some time
Don't you know how much you hurt me?
Soon you're going to figure it out

Oh, this is just the beginning
And I'm getting these feeling
This is just the beginning
Yeah it's going to be all right

You got to let it go
Its time to move on
The devil is gone
Its' yesterday's song

Gotta let it go
Shouldn't last long
The devil is gone
Its yesterday's song

Nothing between us there's no when and how

Doesn't matter who you are
You know how much I've tried to get here in time, still
You haven't changed your mind

Oh, this is just the beginning
And I'm getting this feeling
This is just the beginning
Yeah it's going to be all right

You got to let it go
Its time to move on
It's time to move on
The devil is gone
Its yesterday's song

Won't let it go
Shouldn't last long
The devil is gone
It's yesterday's song
