varsity.. lets go
ooh yeah yeah

wasn't even searching for nobody

read your profile to see what you was into
and was surprise to see that you enjoy the things that i
do
can't believe that i feel this way bout a girl i don't know
what's going on

what's your name
i wanna know what makes you smile
tryna to see if we can chat for a while
i'm hoping she's on cos i think that she is the one

(don't even know her name)
i don't know her name
(wonder if i'm her type)
am i her type
(i can't believe i found) i found
(the girl of my dreams online) yeah yeah
(i need to know her name)
i gotta know her name
(i wanna make her mine)
gotta make her mine
(i can't believe i found) i found
(the girl of my, the girl of my) dreams online

you're my sexy little angel
i don't even have to ask you why
looks like you fell right outta heaven
and i'll give anything to be your guy
wanna be more than friends
i see you got a million but i'm hoping
to mean much more to you than any other
can't believe that i feel this way
i pray that your on cos (?)
