There is a storm coming  
And it is headed straight for our shore  
Hold on to your heart  
I've seen the signs before  
How wicked these hours  
These time we've seen before  
How we built these odes  
To our God  
Wasting our tears  
And chasing our fears  
I look at these  
And wish this was gone

Don't say another word  
Some things are better kept silent  
Don't say another word  
Leave in silence, let me live in this silence

There is nothing left  
In this beggar's hands  
I gave like I give  
To my God  
But nothing is sacred  
Within these walls  
That I built, and you built  
In our shame, in our fear  
In this room  
Full of yesterday's ghosts  
Who am I, I ask  
As I shatter and fall

Don't say another word  
Some things are better kept silent  
Don't say another word  
Leave in silence, let me live in this silence  
Let me feast in this silence
