Verse1 [V.A.S.]

V.A.S. , I always got it covered like a duvet,  
Style more definition than blue-ray,  
Got variety of sounds, blue jay,  
Lyrics tied over the tongue, shoelace  
My beats travel round the world like a suitcase,  
And I got the girls feeling good, Buble  
Kick pushing on my swagger board, lupe  
Always on top of your head like a tupay,

If you got Flavour let me hear you say

YEAH BOIIIIIIII

and make it sound clear boy,

Look for the gold not the silvertip bear boy,

Even tho I do get grizzly with my hair boy,

And all the ladies, stay sexy,

And if that hair aint yours don't stress b,

You can work it out, you still couldn't test me,

Body stay running all the time, track meet,

,

If the beat is spinage then I am popye,  
I am a leng jay you are a pok guy,

With an \_\_\_ for a face thats him right there,

Ha you know how my rhymes do,  
Flow so sick call it swine flu.  
Matter of fact, sicker than small pox,  
Im so 3010 I chill with Robots,

And y'all late like a pregnancy scare,

She say Im just right taste my porridge like yeahhh

Rhymes stay hot, flow is too cold for em,  
Doing this from day know you're too grown for em,  
they say your sick  
but Im physically fine,  
Im sublime when I rhyme Its a crime, VEEZIE!
