Da da nda nda da da] x3

\*Verse 1\*

Boy you're wasting my time  
but maybe that is my crime  
I should of left you  
guess then I was the fool  
when you stepped outta line  
And we'd get all inner twined  
I got to end it with you  
But I couldn't quite do  
Don't know why I denied  
All that time that I cried  
Didn't know what to do  
Deep down I had a clue  
That I had to resign  
To the fact that you lied  
Afraid that I would lose you  
Cause I was still in love with you

\*Chorus\* [x2]

Boy you mess up  
Now you wanna fess up  
Cause you wanna get back on to me  
Too late cause I'm over you  
What we had is gone to me your History

What is left of you  
Da da nda nda da da [x3]

\*Verse 2\*

For me to recognize  
Is it you or my pride  
I've got nothing to lose  
So it's me that I choose  
You were holding me down

Had to bounce or I'd drown  
You're the shadow on my light  
Stop me shining so bright

\*Chorus\*[x2]

Boy you mess up  
Now you wanna fess up  
Cause you wanna get back on to me  
Too late cause Iâm over you  
What we had is gone to me your History

What is left of you  
Da da nda nda da da [x3]

Oooh Oooh Ooooh

\*Bridge\*

When I saw that you called  
I see your name on my phone  
Makes me nervous inside  
Emotions I canât hide  
Why you hurt me so bad  
Far too long I was sad  
Youâre my joy my pain  
I ainât playing no game

\*Chorus\*[x2]

Boy you mess up  
Now you wanna fess up  
Cause you wanna get back on to me  
Too late cause Iâm over you  
What we had is gone to me your history

Boy you mess up  
Now you wanna fess up  
Cause you wanna get back on to me  
Too late, too late, too late  
What he had is gone to me your history

What is left of you
