(Intro) This flow is ill, this flow is ill right here Adams
Fam [Vast Aire] You better watch my blade, speak the
truth I bring the pain like Method Better yet a wisdom
tooth You been miseducated, your style's outdated You
need to regroup, I'ma rap cyclone I'm tired of clones
You better get ten feet away, one size own Flip 'em the
bird, flesh from the chrome You got three feet of space
and I'll crack ya dome Six minutes, Vast Aire is on And
the party don't stop till we see daylight That's about six
a.m. When you falling out the bar with ya next of kin
Where should we begin I got the yac, he brought the
gin Now I'm seeing intruders like the Gods of crimson
Style's so sick, you need tea with lemon (Hook) 2x This
is that Lunch Room Rap that the b-boy's holla It ain't
about money cuz we all make dollars Ain't about money
cuz we all make dollars Ain't about money; ain't about
money [Vast Aire] Yes sir! I leave men with no air I dare
you to step up unprepared My lecture's sharp like
nades of spare Shrink a few heads make 'em
disappear Sons of Joel, you better kneel before Zod
Before I show you the wrath of God I brush my teeth
with a lightning rod I can pop-n-lock in my Izod My
favorite rapper was Todd Smith Till his head got
gassed and he lost his shit If you step up to me you
better step legit I'll hold you to the light like you
conterfeit Huh-eh, cuz I'm R A W The 'R' stands for 'Run'
thru you (Sha-boo-ku) The 'A' is 'Allah's' virtue The 'W'
is a 'Wide' circle Don't make me hurt you (Hook) 2x
[Vast Aire] This is that Lunch Room Rap, don't get
smacked There's ten more of us in here how you like
that? You can leave with ya face sour I'll snap my
fingers so you'll know I-got-the-power! Who's that? Ya
crew's wack I guess Cinderella wants her slipper back
This is what happens when bears attack Plus I got more
ho's then a ThunderCat (HOOOOOOOO!) Caddyshack,
you want me to go for this and go for that But I know
how you moving and how you act I'ma volcano about to
react (Hook) 2x
