Once we were all together  
You and the moon and I  
But on the night you left me  
The moon raced back to the sky

Racing with the moon  
Sailing through the midnight blue  
(High up in the midnight blue)  
And then all too soon  
It's lost from view

Gazing at the stars  
Shining in the summer night  
(Dreaming of the love we knew)  
But just like the moon  
They fade from sight  
(They fade from view)

In the blue heavens I see  
Your face smiling at me  
My heart will never be free  
Until we're back together

Racing with the moon  
That is what I'll always do  
Till I overtake the moon and you
