Hey you  
What 'cha gonna do with your life?  
Hey you  
What 'cha gonna do with your life?

Wait for me  
That's what you asked me to do  
Pray for me  
That's what you said  
That's what I did  
You could have had most anything you wanted  
But you didn't know what you wanted

[Chorus:]  
You did a lot of livin' to get here  
Now what 'cha gonna do with your life?  
I know the world might have hurt you  
But two wrongs don't make it right  
Time is spinnin' by  
Oh my my  
This time you could fly

Hey you  
What 'cha gonna do with your life?  
Hey you  
What 'cha gonna do with your life?  
Cause you're way too nice  
Oh I've been tellin' you that for years  
You carry the weight of the world on you  
And you sacrifice yourself  
Always tryin' to find the answers  
In the name of love  
Don't worry about it now  
Everything's gonna be alright  
Cause now there is more to you on the inside

[Chorus]

But you hold it all inside you  
Looking for something to blame  
And you're holding back the anger that is running  
through your veins

But one day you'll understand it all  
Cause it's not your fault  
No it's not your fault  
You're a lucky girl  
Not many people get a second chance  
Much less all the chances that you do  
They love you  
They love you  
I swear that they love you  
They love you  
They love you  
I swear they love you

Hey you  
What 'cha gonna do with your life?  
Hey you  
What 'cha gonna do with your life?  
Now that you're here at my door
