It's dark and cold tonight  
I'm walkin' all alone  
And one step at a time  
I'm gettin closer  
I know she's hard to find  
Instinctively I try  
To take the path of love  
Into the night

There would be no reason  
If you really didn't care  
There would be no reason for love

The door is open wide  
Is anybody there  
I know this must be the room in your heart  
I really don't know why  
But it's so easy to breathe  
I know this must be the  
Room in your heart

No answers, questioning  
No one's been here before  
I am the first to see  
The light on your door  
If I can hold you now  
I wouldn't disagree  
If there are no walls protecting me

There would be no reason  
If you really didn't care  
There would be no reason  
For love

I can feel it  
I can feel it  
I can feel the love that's surrounding me  
Coming in and out of you  
Won't you show me the way
