You had it all
Before you threw it away
The chance of a lifetime
Of golden opportunity

You took the time
Right out of my hands
And washed them clean
Of all the grains of sand

Forgetting all you know
To waste it on
All those things
That never meant a thing
To you and me
This has gone too far

I'm through with you
Leading me on

All of the time
And all of the world
Will never amount to
What we deserve

And it's not worth
Saying goodbye
You've done nothing
But waste my time

This season's caught up
It's riding your back
It's hard to live your life
With nothing to expect

Run far
Run far away
Where ever you go
They won't remember your name

I'm through with you
Leading me on

And every day
That I spent with you
Has been thrown away

We're through with you
Leading us on

All of the time
And all of the world
Will never amount to
What we deserve

And it's not worth
Saying goodbye
You've done nothing
But waste my time

We're through with you
(Leading us on!)
We're through with you
(Leading us on!)

All of the time
And all of the world
Will never amount to
What we deserve

And it's not worth
Saying goodbye
You've done nothing
But waste my

All of the time
(All of the time)
And all of the world
(All of the world)
Will never amount to
What we deserve

And it's not worth
It's not worth
Saying goodbye
You've done nothing
But waste my time
