When you see a virgin  
You can't resist  
She is your victim  
You become a sadist  
You like to bring trouble into her life  
And now you get crazy, draw your knife

You are a satanic lover  
Your order is clear  
Dirty tormentor  
The night is near  
Hello girls! Better watch out!  
I'll show you, if you have doubt.

Damned love, it's a sacrifice  
Damned love, it's a sacrifice

Your blood is boiling  
Your fingers are hot  
This business is cruel  
There's no chance to stop  
It tastes like shit, this dirty damned love  
But you are the killer, you can't get enough.

Evil is stronger  
You're damned in gods name  
Hey, bloody sinner  
You're Lucifer's friend  
The demon of love, that's what you want to be  
You're ripping the girls for hell's liberty.

Damned love, it's a sacrifice  
Damned love, it's a sacrifice  
Damned love, a sacrifice

Damned love, it's a sacrifice  
Damned love, it's a sacrifice
