### "Time Of Our Lives"

Visit "[Time Of Our Lives](#)" on [MotoLyrics.com](https://MotoLyrics.com)

there's a time for us to let go  
here's a time for holding on  
time to speak, a time to listen  
there's a time for us to grow

there's a time for laying low down  
there's a time for getting high  
time for peace, a time for fighting  
time to live, a time to die

a time to scream, a time for silence  
a time for truth against the lie  
a time for faith, a time for science  
there's a time for us to shine

there is a time for mixed believing  
there's a time to understand  
a time for hurt, a time for healing  
a time to run and to make a stand

this is the time  
of our lives...
