She spread her wings across the ocean
And flew to me with such devotion
I could see that that's the way it's supposed to be

Now you're all screwed up and you don't feel right
'Cause she's gone away and you don't know why
Lost but you won't let go
'Cause you can't believe what you did not know
Shout but you got no voice
And there's no relief from your drug of choice
And you really feel
Like you screwed it up but it's no big deal

'Cause you unlock my mind and you're all that I need
What can I say?
'Cause you unlock my heart
I wouldn't have it any other way

You touching me like velvet embers
The tears are sweet as I remember
Divinity when you surrendered your love to me

'Cause you unlock my mind and you're all that I need
What can I say?
'Cause you unlock my heart
I wouldn't have it any other way
I see you in my dreams
The shadows in my eyes won't go away
'Till you are here with me
And that's all that I need to make me stay

'Cause you unlock my mind and you're all that I need
What can I say?
'Cause you unlock my heart
I wouldn't have it any other way
I see you in my dreams
The shadows in my eyes won't go away
'Till you are here with me
And that's all that I need to make me stay
