CHORUS:

Love, it is love in my heart
Love is all I have for you
Smile, it's a smile on my face
Teeth are gleaming 'cause it's true
It's all for you

You're the boat, I am the sailor
Taking me through an adventure
In this sea of messy love, just you and me

CHORUS

I'm the mail and you're the postman
Filled with words all written by hand
Do you understand?

Sparks, you're the sparks in my sky
Like the fire working outside
Cool like the ice, solidified
Sturdy enough for us to glide as we spend time

I'm a busy bee who's found her honey
Didn't even try
Now ain't that funny?
