I know where you're goin'
You're goin' to see us
The crowd'll be warming and starting to buzz
When we come on

You can keep on staring
We're gonna play so tight
All the crowd'll be starin' the rest of the night
When we come on

Hit the stage we're gonna throw the power
Gonna get there in under an hour
Gonna ride there ahead of time - 's gonna be fine

Are you gonna hear the music

Heat's risin' all around
Look we're livin' in the sound
Sing the high notes - lift my head
I'm waiting for you, waiting for you
