There was no foolin'.  
Stretched out her hand and led me,  
Let her long hair fall soft on my cheek

She made it so clear  
She would go with me one time  
And dance for me a dance so sweet

It took all my love to show that girl the sun  
It took all my love to show that girl the sun  
Took all my strength just to watch her goin'  
Like she was no one

Oh! Belinda I'm glad you closed your door

It could've been rough  
If you'd seen me fallin'  
All over your dancin' floor
