Eyes burn in your dream  
Don't sleep if you still believe  
That this is just the beginning of history repeating

Sweep another wave inside  
To drown the world that can't be captured  
Sometimes feels like we've been staring  
Through the wrong side of the mirror

Don't go away  
Don't leave me here  
All alone now  
Don't go away

Sounds of memories found  
Surround the space that pulls us  
Down we go before we know what made us lose control

Coasting all the way  
Don't go  
Don't go away  
Don't you leave me here on my own  
Don't go away
