Evie I loved those days so well,
The way you looked at me so warm and how you cared
Now those days are no longer
Those days are no longer
But I remember you so well and the music we shared

Oh what a sweet song Evie
Oh what a sweet song Evie
Oh Evie, what a sweet, sweet, song
Oh what a sweet song Evie
Oh what a sweet song Evie
Oh Evie, what a sweet, sweet, song

He always was my Evie's favourite singer you know
We used to sit up late at night and the stars would glow
And the pale moonlight would shine around
My Evie's eyes so brown
And Buddy Holly's silver sounds would crown it

Oh what a sweet song Evie
Oh what a sweet song Evie
Oh Evie, what a sweet, sweet, song
Oh what a sweet song Evie
Oh what a sweet song Evie
Oh Evie, what a sweet, sweet, song
