When I sleep, the strangest dreams  
Take me places I've not been  
But something's keeping me awake  
Coiled over like a snake

Builds a whisper to a scream  
As the sun goes down on me  
All these arrows in my heart  
Break the mirror in half

Never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough

Dizzy at the top of fierce skies  
Nothing ever let me get quite this high  
And I'm storming back to life  
Infinite dream, infinite time

It's all rearranged  
I broke the white light to see  
The many colours it brings  
And now I can't see a thing

Never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough

Feel it permeate my sleep  
Driving nails through my dreams  
Crossing my palm with barbed wire  
And I'm slowly catching fire

Can't remember what I've seen  
What these premonitions mean

Where it hurts I cannot tell  
Is it heaven or hell

Never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough, never enough  
No, I know it's never enough
