Glow little spark glow brightly in the embers of dying  
fire  
See the people come run to their windows  
What manner of lightning this

Oh spirit, spirit beautiful  
Oh spirit, spirit beautiful

Swim little bubble swim lightly, bubble on a silent pool  
See the people come run to their windows  
What manner of ocean this  
Grow little seed grow brightly resting in a nest of earth  
See the people come run to their windows  
What manner of lightning this
