I knew this would be hell,  
But this is not living.

Push them down and exhale water  
Push them down and exhale blood. x2

Breathe.

You wanted this  
And if we can't even trust ourselves  
How can we trust anyone else.

It's not safe to swim today  
It's not safe to swim today  
It's not safe to swim today,  
It's not safe...

I don't think I can be saved. x2  
This shallow water is my grave.  
I don't think I can be saved.

Breathe.

Exhale blood  
Push them down and exhale water  
Push them down and exhale blood.
