Calibrate
Feel the vibrations
Lasso them
Hold on for the ride

Despair inside calls to you
Uprise inside calls to you
Cowards will call for design

I'll light the match
Can you take me down?
Ignite the fuse
Can you take me down?
Ignite the fuse
Can you take me down?
Can you take me down?

Relay the message
Ravage your false goodbyes
Command yourself into twisted figurines
[x2]

I see poems of rise
They know I live
Upon the glass slide

I know the truth
It's still denying me
I know the truth
It haunts me
It haunts me

They know I live upon the
Glass slide
[x2]

Now test yourself
Challenge it, challenge it
Now test yourself
A failure of diamond design
Now test yourself

A breeding of under-archived.

Calibrate
Feel the vibrations
Lasso them
Hold on for the ride

Ignite the fuse
Can you take me down?
Ignite the fuse
Can you take me down?
Can you take me down?
