You keep me company when I get lonely  
I have a reason to wake up in the morning  
In my friends' eyes I begin to look different  
In the sun I'm the center of attention

Pay pay pay  
For my vanity I  
Pay pay pay  
For my loneliness I  
Pay pay pay  
For the trust I betrayed  
Pay pay

Blue pill - Morning  
White pill - Lady luck is smiling  
Green pill - Evening  
Red pill - I'm already dreaming

Golden shoes and a pretty little red dress  
I'm dancing with the loved ones of the past days  
In your presence I wanna do my best  
For a while I feel that I still count for something

Pay pay pay  
With my sanity I  
Pay pay pay  
With my dignity I  
Pay pay pay  
For the love that I crave  
Pay pay

Blue pill - Morning  
White pill - Lady luck is smiling  
Green pill - Evening  
Red pill - I'm already dreaming

Pay pay  
Pay pay  
Pay pay  
Pay pay  
With my sanity I

Pay pay pay  
With my dignity I  
Pay pay pay  
For the love that I crave  
Pay pay  
On my lips I've held the taste of your name
