The world is full of beauty.
But I've got only one thing on my mind
The world is full of beauty

I have a problem, it's burning a hole in my pocket
Lose, lose everything no matter how much I've got
One little kiss never hurt nobody.
One little sip to wake up the hunger.
And now I starve. And now I starve.

Devotion is an open wound
Revenge a higher state of truth (2x)

Oh, what a problem. Gasping for my breath yet I,
can't think of a single reason to stop stop stop
One stab but straight to the heart.
One little sting tore me apart.
And now I starve. And now I starve.

And now I starve.

Devotion is an open wound
Revenge a higher state of truth (4x)
