'The first time you feel like your standing on your own
totally naked
I wanted to be a house wife for a little while and get all
that out of my system,
And then, well, I knew that there was something
missing'

Unrealistic, paper bag insulation
Dirty laundry, in daylight
I'm torn in two
Smugglers, burglars
Pushed back the limitations
Healthy, envy
Disappointment raffle

Finish their meal and grow bigger
The core cools down and gets thicker
Demolition setback, time will tell
If to live our lives is to burn in hell

Lighthouse gaze, peephole information
Life insurance, instant transformation
Contemplation
Suffocate the ripe the faint
World war programme
Pocket size solution

What a perfect life, we lied
In a naked light we hide
Sacrificed in an unknown land
The flowers died in our hands

"Then you know I kinda...you know showed everybody"

What a perfect life, we lied
In a naked light we hide
Sacrificed in an unknown land
The flowers died in our hands

Finish their meal and grow bigger
The core cools down and gets thicker

Demolition setback, time will tell
If to live our lives is to burn in hell
