The answer out there, is blowing me away
(The only)

Warning!

Take a minute and stop
Hear the approaching distant sound
Rumbling, tumbling, coming right to ya
Every day, closer
Warning!
There's no way out
Closer to breaking, coming apart and now I'm
Rumbling, tumbling, coming right down at
Every day, closer

Tell me!

What went wrong
Cause I fear no thing as all alone within
For too long for too lost far I've gone
Come, hop on board I said now
The word is is out
The world's on fire temperature's rising
All the pressure waiting to come out
Better get the hell out!

Bang!

We're back on track
Bang bang!
We're back on the map
Bang bang bang!
Right back on track

The answer out there, is blowing me away

And now!

What do we do?
Walk away never looking back again no
(Yeah yeah!)
This is not the time
(Get out get out!)
This is no the place
So embrace

A reconsideration
It's a going, creeping realisation
Rumbling, tumbling, going right through us,
(Through us, through us)

We want you, we want you, we want you as a new
recruit

Bang!
We're back on track
Bang bang!
We're back on the map
Bang bang bang!
Right back on track

The answer out there, is blowing me away
