Hey, do you wanna play?  
I'll show you a game that will blow you away  
Take a leap of faith  
So few are brave enough to go that way  
Don't be afraid  
Everyday is a sunny one here  
Let's celebrate  
As we dance on the graves of the mundane

Sun, moon and stars  
Will guide our paths  
Our faith no longer hangs around the  
necks of the men who killed the Christ  
See all the damage they have done  
Our work has only just begun  
Against hypocrisy

What do you say when I give you  
Free love?  
Free drugs?  
Free thought?  
Freedom?

Hey, do you wanna go  
Down the rabbit hole  
That so few of us knows of?  
Where reason is a rubber ball  
That bounces of our walls  
Don't look so appalled  
We' re all a bit bit crazy you know  
Madness is the reward  
When you've mastered the art of free fall

We are so proud to be the ones  
Who killed the giants of the past  
Fear is the gunpowder our history feeds to us  
See all the damage it has done  
Our work has only just begun  
To crush decency

What do you say when I give you

Free love?  
Free drugs?  
Free thought?  
Freedom?
