### "Dynasty"

I'ma, go getter, cash flow flipper  
Straight from the jungle so call me a gorilla  
I got cash but I stay grindin' for more figures  
For the scrilla I'll move a brick quicker than the next  
nigga  
I got bling all up in my teeth (Mike Jones!)  
I run the game so I'm the king of the streets  
Niggaz showed beef cuz I'm on top  
before the fame they ain't care if I was dead or not  
But now I'm hot they wanna baller block, scheme and  
plot  
Tryna do whatever it takes to take me out  
I wonder why cuz I'm on top of the game and mad at  
that  
Once I blow yo career you can have it back  
But until then I'm flippin' 'fins stackin' benjamin's  
Tryna get me and my family in a benz  
So I grind, hopin' one day I'll shine  
Leavin' haters behind, so if you wanna shine  
You better wait in line
