[VERSE 1]

I'm landin' out the sky into my spaceship
She say my ? lookin better than her facelift
She love the candy swankin' with the bumper kit
She touch the butter and I cut, didn't have to say shit
I got her goin and in a mile (like I'm bankin with her)
That's why I know what she thinking, what she thinking
nigga
Right now she wanna grab a pint of oil,
I brought a hit and let her taste it, now I asked for it
She love them Houston Oilers, she love the drank we
sip
She love the way the candy shine and how the fos flip
She know bout super pokers she know bout airbo's
That's why when she see em she cant keep her legs
closed; I said
She love them Houston Oilers, she love the drank we
sip
She love the way the candy shine and how the fos flip
She know bout super pokers she know bout airbo's
That's why when she see em she cant keep her legs
closed

[CHORUS]
