(and even though what we do is wrong)

I know what I be doin is wrong, but Im a hustler for life.
Fucked with two strikes.
Gimme that butta, Im all white, but Im all right.
Cant live minimum wage, cause that's just not my life.
You leave yo hoe alone and I will fuck her
and when my money low, I'll abduct her.
Hustler is what I am, kilo's by grams
this a stick up man, get out yo car man.
Only way that I'll survive if my AK jams
like jigga, Im standing in my B-boy stance.
I kick rhymes for days like kickin a kickstand, Im a man
and my two feet i use to stand cause Im a man.
Who? Mike Jones, Jones. commin soon.

Untill I die ima forever bring pain, and my name will
remain
in this color-change game (fo sho)
Mike Jones will forever get his fame
and everywhere i go people will know my name
Go get my album when it hit the stores main.
Who is Mike Jones, that's the album name, main.
And to you haters...uuh.

How you gone say that you better than me?
You aint even in the game, how you better than me?
