I don't care about your ways  
Of love and life and walkin'  
I don't care about your days  
Of carin' and not talkin'

But it's your right  
The way that you live  
It's all right  
The way that you live

You won't call  
It doesn't matter if your sun shines in the evening  
Don't wait  
The moon will wait to come out in the night and talkin'

I don't care about your present pay  
And your night life you keep burning  
I don't care about what your old man says  
All the ways you have of learnin'

But it's your right  
The way that you live  
It's all right  
The way that you live

You don't write  
It doesn't matter what they all say, gonna mess around  
It's ok  
It doesn't matter if your off or fine gonna learn

I don't care about your ways  
Of love and life and walkin'  
I don't care about your days  
Of carin' and not talkin'

But it's your right  
The way that you live  
It's all right  
The way that you live  
It's all right  
The way that you live

It's all right  
The way that you live  
It's all right  
The way that you live  
It's all right
