Loaded version

Can I have your autograph  
He said to the fat blonde actress  
You know I've seen every movie you've been in  
From paths of pain to jewels of glory  
And when you kissed robert mitchum  
Gee but I thought you'd never catch him

Over the hill right now  
And you're looking for love  
You're over the hill right now  
And you're looking for love  
I'll come running to you honey when you want me  
I'll come running to yoy honey when you want me

Can I have your autograph  
He said to the fat blonde actress  
You know I know everything you've done  
Anyway I hate divorces  
To the left is a marble shower  
It was fun even for an hour

Your're over the hill right now  
And you're looking for love  
You're over the hill right now  
And you're looking for love  
I'll come running to you honey when you want me  
I'll come running to you honey when you want me

Something's got a hold on me  
And I don't know what

Something's got a hold on me  
And I don't know what

It's the beginning of a new age  
It's the beginning of a new age

It's a new age

-----

1969 live with lou reed version

Waiting for the phone to ring  
Diamond necklace on my shoulder  
Waiting for the phone to ring  
Lipstick on my naked shoulder  
It seems to be my fancy to make it with  
Franky and sue ann

Over the bridge we go  
Looking for love  
Over the bridge we go  
Looking for love  
I'll come running to you, hey baby if you want me  
I'll come running to you, baby if you want me

Looking at my hands today  
Look to me that they're made of ivory  
I had a funny call today  
Someone died and someone married  
You know that it's my fancy to make it with  
Franky and sue ann

Over the bridge they go  
Looking for love  
Over the bridge we go  
Looking for love  
I'll come running to you, hey baby if you want me  
I'll come running to you, baby if you want me

Something's got a hold on me  
And I don't know what

Something's got a hold on me  
And I don't know what

It's the beginning of a new age  
It's the beginning of a new age

It's new age
