There is no reason  
to treat me this way  
Take all my love  
and just throw it way  
All of my hopes and dream  
you took away everything and -  
There is no reason  
there is no reason  
Treat me this way  
(You gonna keep this going)  
There is no reason  
to cause me such pain  
Turn out the sunlight  
turn on my rain  
All of my hopes and dream  
you took away everything and -  
There is no reason  
there is no reason  
To treat me this way  
All of my hopes and dream  
you took away everything  
There is no reason  
there is no reason  
To treat me this way  
Oh, baby, this way  
oh, you treat me this way  
Oh, baby, this way
