Get out get out

It's what to pay

A chance to move for unleaded

Get out get out

Won't stake a claim

Or stand our ground for a minute

Started to awake

By a curve in the road

Forward when we brake

Our late eyes closed

Edging on the line

If we're lucky it holds

Worth getting fined

For time has stalled

Sucks you in... starts to stay... for all time

We speed as we sang

Make time turn the tires

And that's how it goes and that's how it goes

We speed from the night

With distances left

When it's only the road when it's only the road

We speed from status

A 9 to 5 world

And that's how it goes and that's how it goes

We speed as we can

Make our days long

When it's only the road when it's only the road
