[Lyrics and Music by Keith Law]

She's my Yellow Cave Woman
Until I discover
And I know she's a a coming,
And I know that I love her

She's my Yellow Cave Woman
She's my Yellow Cave Woman

She smiled through the window
She waves her hand at you
Congratulations, to you my friend
You succeeded, where you wanted to

She's my Yellow Cave Woman
She's my Yellow Cave Woman

She acted so well drugged
She smoked her mind
She's acting like she's been bugged
With a delicate explosion of blown time

She's my Yellow Cave Woman
She's my Yellow Cave Woman
