"All There Is Fear"

Arise young souls alight
Reclaim your satanic rights
In time retrospect clear
The past all there is fear

Atomic atmospheres
Crumble in ice faces
Destructive tragedies
Humble thee at stages
Liquidate agitate
Time-out for treason's
Maniac megalomania
Explosive liaisons

Cataclysmic candidate
Surplus adaptations
Seismographic psycho
Life & death remainders
Lunar landing confirming
Hollywood daydreamers
Pyramids myriad
Alien redeemers

Ferocious deities
Focusing destruction
Searching for achilles
Warlords reproduction
Terminate trans-mutate
Visions of a future
Yesteryear wasn't there
Only an illusion
