Running,
Living
Searching,
Out on the streets at night,
Hoping,
For the right connection, coz',
Need it, want it,
You know I've got to have it,

Takes me higher than anything I know.
Angel Dust,
Need a shot to see me through the day,
Want a lot I've got to get away.
Angel Dust,

Like there's no tomorrow,
Take no
I live my life,
I'm drowning all my sorrows coz' I,
Chances
Need it, want it,
You know I've got to have it,

Laughing,
Takes me higher than anything I know.
Crying,
Every night and day,
I know,
That I'm a different man because I,
You know,
You know I've got to have it,
Need it, want it,
Takes me higher than anything I know
