The dark silhouette of the creature  
Poised, crouched on the corner of a cliffs edge  
Waits eagerly, eyes glare patiently.  
Red eyes filled with fire and torment  
Gleam in the frenzied brightness  
Across the shadowed vallies below.  
A crack of thunder breaks the deafening silence  
Which once ruled the planes, the creature is unmoved  
By the commotion and the noise, and the blinding fork  
Of lightening which strikes only a few yards from where  
Lays it wait for something...  
Satan laughs, wings spread to magnificent fullness,  
The creature stands at full glory, inhaling deeply  
The ice cold air each tender muscle rippling in  
The almighty stench of the great dimaltional diety...  
Lucifer smiles, from the far far west a chariot of fire  
Emerges travelling at a tremendous speed toward the  
Creature, the creature laughs as if in an immense  
State of frenzy the creature leaps up off the ridge  
And hollers with dignity in the now cloudless sky  
Its long red hair blowing freely in the wind...  
The chariot emerges and with a sharp swift movement  
The creature takes the reigns and flies up into the  
Night, howling out immortal cries, a prediction of war,

At war with Satan!

The warriors gather slowly around  
The sacred city, Hell  
Satan screams a vengeance  
On the land as the angels fell  
Tyrants pray disaster for the  
Land of love and trust  
Demons plot a way to turn  
The Heavens into dust.

The standard bearers chosen  
From the mass of Satan's dogs  
To hold the flag of Hades high  
Defying all the gods  
Satan laughs the words of war

The Heavens shake with fear  
Armageddon sings his song  
The battle's ever near.

Let the joyous celebrations of Hell begin

Who holds the keys to the seven gates?

Lucifer's demonic laughter  
Assist our quest, Belial prays  
Free from Hell who serves the master  
Sound the charge on Sabbaths day.

Charge!

Crest the demon's souls  
Show yourselves in power  
Angels fear resist  
Nothing holds the storm

Inform the grand master of Hades

Storm the gates!

Free from the pits of Hell  
Slaves emerge the mountain  
We shall destroy the accursed Heavens  
Advance great legions strong  
Crush the gates and enter free  
Our lord of Hell must take God's throne  
Heavenly inferno  
Spread the message far...

Take to the skies!

Come on...

Frenzied demons - Angel's cries  
Lucifer commands the orgy  
Molten mayhem, one thousand lies  
Heaven fails to hold tranquility

The brides of sin are wed  
Their price, nine holy heads  
White marble walls bleed red

Fuck the Bastards

Come on...

God's creation - all must see

Heavens Hell  
God has fell  
Sound the knell

Where time and space collide  
Mortals sit and watch the tide  
Of Angels crashing up against the sacred shore

Without the holy grail  
Only evil can prevail  
The church of God can't hide the truth no more  
Can't see the light no more

Light up the skies...

The Demons ring the Sabbath bells  
Rejoice the witches chant  
Preper the sacrafice - by fire  
The blood runs black through heavens shell  
Declare the witches dance  
Nothing shall suffice  
The souls of Christ

Drag him through the whores!

Come on...  
Come on...

Orgies filled with joyous laughter  
Alters of the flesh  
Equinox eternal glory  
El descends in death

Satan's empire  
A new born flaming star  
Children screaming out in pain  
Destroy the priests  
Destroy their reign

Tyrant pledge the souls of legions  
Sullen and remorse  
Tana turns the key of life  
To hear the thunder roar

Ancients gather amidst the stars  
Mortals stare in fear  
The Earth is damned beneath the mist  
A veil of angels tears

White clouds of life are turning black

The virgin pure she fears attack

Come on...

You are damned...

Children of pleasure move  
Appear amongst us  
The dark Lord has opened his jaws  
Raise for Satanic queen  
Ye sons and daughters  
Take heed the flame forever learn  
Now is come salvation  
Strength and the kingdom of our  
Satanic majesty  
You'll always learn!

Are you damned in Hell?

Damned in Hell

Lilith holds the black heart in her hands  
The blood flows  
Desecration of God's holy shrine  
Armageddon

Hahahahahahaha

Pandemonium burns in the night  
The Hell spawn  
Celebrations at Sabbats galore  
Unite with mother whore

Take that bitch  
We shall not be destroyed...

Satan laughs, damnation has sunk its talons deep  
Into the womb of utopia spilling forth great streams  
Of virginal purity and bliss.  
The golden throne of the tetragrammaton is ablaze,  
Satanic majesty sits proud, the joyous drones of  
celebration  
Enact scenes of blasphemy, lust and destruction.  
Raping the holy trinity the Sabbath chimes the tunes of  
bless  
And sanity, the Heavens in their last throes of death.  
Gabriel and his arc angels falling ever downwards  
through the  
Fires of pandemonium to the dark deserted depths of  
Hell  
Their broken bloodstained wings scorched the by

raging inferno  
Lay battered by the shores of the styx.  
Weary from the battle they seek refuge, bathing their  
wounds  
In the blood of a million matyrs while celebration  
ringing  
In the heavens grows strong the keys to the seven  
gates of Hell  
Lie momentarily unguarded.  
Raging flames carved by the innocence of the angel's  
hearts  
Will release forth their wealth of centuries of God  
loving  
Souls once wronged of their destiny of Heaven's  
golden palace.  
An unseen presence breaths never before pangs of  
mortal hatred  
And anger deep into the pounding hearts of the  
angels.  
Once more the creature is summoned to deliver a  
declaration of  
War,

At war with Satan!

The angels gather slowly around  
The sacred city Hell  
Gabriel screams a vengeance of the  
Land as the angels fell  
Matyrs prey disaster for the  
Land of hate and scorn  
The Angels curse the day the antichrist  
Was ever born...
