"Calm Before The Storm"

I can smell the fear
Hear the screams of pain
I must kill or be meat
I'll say to you
On this planet of dirt
Number one comes first

This is our place
The last of the human race
Children of disgrace
Now can you all hear me say

There's a calm before the storm
Don't say that you ain't been warned
A calm before the storm
And it's coming for you

Is there life after death
Do you ask yourself

This is our place
The last of the human race
Children of disgrace
Now can you all hear me say

There's a calm before the storm
Don't say that you ain't been warned
A calm before the storm
And it's coming for you

I have smelled the fear
Heard the screams of pain

This is our place
The last of the human race
Children of disgrace
Now can you all hear me say

There's a calm before the storm
Don't say that you ain't been warned
A calm before the storm

And it's coming for you

There's a calm before the storm
