Hello, Mr. Sunshine  
Time to rise and get your ass out off bed  
I have asked all the questions need to be asked  
I have played all the cards that were dealt  
But still you have no clue  
So here is what you do

Leave me oh leave me  
Then regret  
Come back pretend we never met  
Lead me oh lead me to your doorstep  
And ask me in  
Trash all the others  
It's you and me  
We should go exclusively  
If you ask me I'll tell you I do  
Go crazy over you

Sure thing, I'm addicted  
To that drug or feeling they call love  
Answers are thrown in my face these days  
And I just need to get in your way  
And say "I'm missing you"  
I hope you know that's true

Leave me oh leave me  
Then regret  
Come back pretend we never met  
Lead me oh lead me to your doorstep  
And ask me in  
Trash all the others  
It's you and me  
We should go exclusively  
If you ask me I'll tell you I do  
Go crazy over you  
Crazy over you

I have asked all the questions need to be asked  
I have played all the cards that were dealt  
But still you have no clue  
So here is what you do

Leave me oh leave me  
Then regret  
Come back pretend we never met  
Lead me oh lead me to your doorstep  
And ask me in  
Trash all the others  
It's you and me  
We should go exclusively  
If you ask me I'll tell you I do  
If you ask me I'll tell you I do  
If you ask me I'll tell you I do  
Go crazy over you  
Crazy over you  
Crazy over you
