Shes really pretty, now isnt she?
Is she the kind every other girl would love to be?
You really like her, I know you do
Youve got her lipstick kissing marks all over you

I know Im crazy, I know I am
I should be locked up considering the state Im in
Im boiling rabbits like every day
And come to think about it, you should throw the key
away

I know Im overreacting a bit
But Im jealous cause I love you, and Im sorry if I choke
you
But Im trying really hard to, to become that girl I know
you want me to be
But Im jealous; I dont mean to, I just fail every time
when I see you
I hope youre not mad, Im just jealous cause I love you

Youve really had it, Im onto you
You dont ignore all my flaws the way you used to
Ive got a feeling the end is near
Is that the sound of the breaking of my heart I hear?

Cause I just know it, youre leaving me
Its in the tone of your voice when youre accusing me
Of suffocating and killing you
With all my threats of my painting you in black and blue

I know Im overreacting a bit
But Im jealous cause I love you, and Im sorry if I choke
you
But Im trying really hard to, to become that girl I know
you want me to be
But Im jealous; I dont mean to, I just fail every time
when I see you
I hope youre not mad, Im just jealous cause I love you

And now Im standing here feeling so bad and
picking flowers from my backyard

And tearing all the stupid tulips apart, he loves me not,
he loves me lots

Do you have to be so flirty, he eyes up every girl under
thirty
Its making me mad, and Im just jealous cause I love
you

But Im jealous cause I love you, and Im sorry if I choke
you
But Im trying really hard to, to become that girl I know
you want me to be
But Im jealous; I dont mean to, I just fail every time
when I see you
I hope youre not mad, Im just jealous cause I love you
