You want to be the master blaster
Killing yourself to win
Moulding a god of sin
You let your body sweat burn faster
You've got the madness and the glory
You're living your own story
And now your heart's pounding blood
You know it does you good

Increasing mindless pain
Krakin Up - Krakin Up - Krakin Up - Krakin Up
You soon become a demon vulture
You put yourself through hours of torture
Krakin Up - Krakin Up - Krakin Up - Krakin Up
You're getting greedy for gain

Killing yourself to win
You're always living your own story
You've got the madness and the glory
You want to be the master blaster
And now your heart's pounding blood
You know it does you good
Moulding a god of sin

You let your body sweat burn faster
Krakin Up - Krakin Up - Krakin Up - Krakin Up
