Get this - Hey you girl looking at me  
I need to get it on - tonight  
Stop your staring unless you're free  
I need someone who fits just right  
Wanna hear it - All I wanna do is open you up wide

Hey you child what's your game  
Put some great white muscle - In between your thighs

I need someone who fits just right  
All this is physical no need to know your name  
I need a woman yeah - tonight  
Put some great white muscle - In between your -  
Let me hear it - All I wanna do is open you up wide -

I need a woman who can last the night  
I need to get it on -

C'mon play with a white man yeah  
Get this - Hey you girl looking at me  
Stop your staring unless you're free  
I need to get it on - tonight

I need someone who fits just right  
Wanna hear it - All I wanna do is open you up wide  
Put some great white muscle - In between your thighs
